

Verbenone purchase 2014

Once again AgBio, Inc. is offering us a fantastic discount on our orders of BeetleBlock Verbenone dispensers. AgBio recommends applying Verbenone in mid-June. Based on USFS studies, the Verbenone is effective for 100-110 days, which should take you through the end of the beetle flight season. Recommended application rate is 20-60 dispensers per acre; Ag Bio recommends 30 dispensers per acre under “normal” conditions. For application instructions, see “BeetleBlock application instructions” on this website. For more information on Verbenone, check out the fact sheet from AgBio.

How many Packs do you need?

Each pack contains 10 dispensers. The number of dispensers you need depends on the size of your trees:

- 10-15" diameter – 1 dispenser
- 15-20" diameter – 2 dispensers
- 20-25" diameter – 3 dispensers
- Over 25" diameter – 4 dispensers

Note: Each pack contains 10 dispensers. If you need less than 10 dispensers, split an order with friends and/or neighbors. AgBio cannot split packs.

How do you order?

You may order by phone ([303-469-9221](tel:303-469-9221)). Your order will be shipped to your home address via USPS Priority mail. **A valid USPS mailing is required.** (You can store the packs in a closed container in a cool, dark, dry place until you are ready to apply them.)

To order at the discounted rate, you must identify yourself as a resident of one of the following neighborhoods:

Carriage Hills

Rembrandt

Valley Lane

Pine Brook Hills

Crestview Estates

Boulder Heights

Wagon Wheel Gap

Buckingham

How much does it cost?

Number of Packs	Number of Dispensers	Cost	Tax	Total
1	10	\$68	\$2.72	\$70.72
2	20	\$136	\$5.44	\$141.44
3, etc	30	\$204	\$8.16	\$212.16

How do you pay?

AgBio prefers that you pay by check; if you must pay by credit card, the cost is \$72 plus tax per pack (vs. \$68).

Tax rate (4%) is for Boulder or Jeffco County. Shipping (US Priority mail) is free but a valid USPS mailing is needed.

Please make your check out to: AgBio Inc.
