A brief Committee Review was held of the proposed retaining wall and fence at 2900 Linden

Drive. Matt McMullen, architect, presented samples of the Allan Block and cedar fencing proposed for the decorative wall. Application to Boulder County for a building permit has been submitted by the architect.

Matt will introduce Josh Ruppert with Lifescape Colorado, the contractor for the project, to Rob Mohr, case manager, prior to the beginning of construction.

The project was approved by the Committee subject to the issuance of a Boulder County permit, the introduction of Josh to Rob Mohr, Case Manager for the project, and the opportunity, if needed, for Rob to meet with Josh to ensure minimal disruption to adjacent neighbors during construction.
